Do you need to review the way the home functions?			
Is there enough space for the entire household hobbies and collections?			
Other comments:			

The property itself:

What is the architectural style of the property?		
What type of heating is used at the property?		
What is the basic lighting like? Does it need updating / does it suit the basic needs of the household?		
What is the current hardware like?		Need to be Replaced?
Door handles		
Light switches		
Light fittings		
Window catches		
Radiators		
Power sockets		

Your likes and dislikes:

What is your particular style / taste e.g. eclectic, traditional, modern, romantic, minimalist or something else?
Does the same style run through the whole house or is it room specific?
Do you prefer lots of colour or monochromatic (tones of the same colour) in your colour scheme?

Do you prefer to have a mixture of patterns in a room or matching sets of furniture?

Where and how many telephones, faxes, intercom or computers are there?
Where and how many points / terminal sockets are there for each? Will more need to be added / moved?

Where and how many televisions are there at the property? Where are they?

What / how is the audio system set up?
